

## REBLOC RB60\_4

special element

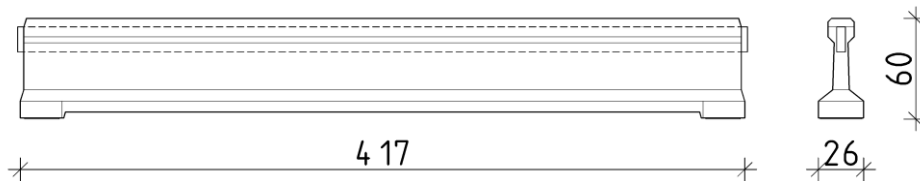

not tested according to EN 1317-2

## DATA SHEET

### overview

all dimensions in cm

element length of 4,17 m for special applications like: small curve radii, uneven foundations, easy access to facilities (cables, piping, etc.)

### technical data

weight/element:	770 kg
anchorage:	not anchored
concrete quality:	C35/45, XC4
coupling/steel parts:	fully integrated, exposed parts hot-dip galvanized

### system element combinations

standard element	RB60_12_T3/W2
special element	RB60_4T (terminal element 1:5)
special element	RB60_80_4 (transition element)
